Technical comments:³

The Commission suggests that the article description on page 1 of this report be used in the proposed new heading, in order to provide a correct chemical name, and the correct HTS subheading.

The Commission also suggests that the phrase “No change” be inserted in lieu of “Free” the special subcolumn of the proposed new heading.

³ The Commission may express an opinion on the HTS classification of a product to facilitate consideration of the bill. However, by law, only the U.S. Customs Service is authorized to issue a binding ruling on this matter. The Commission believes that the U.S. Customs Service should be consulted prior to enactment of the bill.
